

DAY PROGRAM

about us

Welcome to Super Community Care, where we specialise in offering an array of disability supports and services designed to cater for the unique needs of both children and adults. Our commitment to individuality is at the forefront of our mission, recognising that a one-size-fits-all approach does not meet the diverse needs of our participants.

Discover the enhanced experience of our newly revamped day program, meticulously crafted to elevate the quality of support and engagement. Our day program is thoughtfully tailored to create a personalised environment, fostering a sense of comfort and empowerment.

We firmly believe in the power of individualised care by providing a platform where participants can engage in activities within a shared space while enjoying a customised experience, therefore revolutionising the way support and services are delivered.

Join us at Super Community Care, where we are dedicated to redefining the standard of care through innovation, individualised attention, and a commitment to enhancing the lives of those whom we serve.

OCCASION DAYS

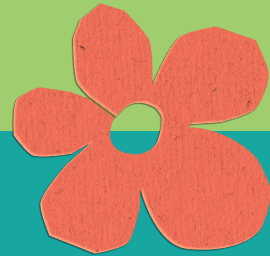

Special Occasion Days are designated for events such as Easter, Christmas, cultural celebrations, and unique activities that can be seamlessly integrated into our schedules. These designated days are an integral part of our commitment to providing a well-rounded and enriching experience, ensuring that our programs embrace not only everyday activities but also the joyous and culturally significant moments that make each individual's journey special.

- Easter Egg Hunt
- Face Painting
- Christmas Day
- Cultural Fest

SCHEDULE

Our schedule at Super Community Care is thoughtfully designed to align with energy levels. High-energy activities are strategically scheduled in the morning, while calm and low-energy activities take centre stage in the evening. This daily run sheet serves as the backbone for our programs, providing a balanced and tailored experience. Additionally, we are flexible and open to adjusting the schedule based on participant's requests, ensuring that individual preferences are always considered and prioritised.
